The South Limerick City Community Online Hub

Ciaran Purcell, Donal O'Leary, Belinda Simyu, Tanya McGarry, Aisling Goode, Patrick Hynes, Dr Sarah Dillon, Dr Anne Griffin, Dr Maria Bowles, Dr Siobhán Neville & Dr Steven Byrne

Who are we?

We are university staff and students who work together to support a community campus where people of South City Limerick and beyond can realise their potential in the area where they live, work and have fun!

What are we doing?

South Limerick City community members struggle to find appropriate health, wellbeing and social services information that is relevant to the environment they are living in and needs they are experiencing.

We are developing an **Online Hub** to build stronger links with the local community and provide

3

health wellbeing and social information that is near, needed, trusted and appropriate.

How do we plan to do it?

- Have Face to face meetings.
- Set up advisory panel of community citizens
- Gather community health and wellbeing wants and needs

Creation of online hub that on UL server accessible via QR code.

- Students will create content and add it to the Hub.
- Community groups will collaborate in the design and function of the website

What impact will we have?
